PLANIT®

PLANIT[®]

UN CAMMINO DI BELLEZZA

Abbiamo imparato a plasmare materiali esclusivi. Li adattiamo alle singole esigenze, trasformandoli in prodotti.

Abbiamo cercato di immaginarceli come sono sognati dalle persone. Investiamo tempo ed energie per rendere possibile a tutti questo cammino di bellezza.

A JOURNEY OF BEAUTY
We have learned to mould exclusive materials for you. We have adapted them to your requirements, transforming them in products and trying to imagine them as you have dreamt. We have invested time and energy in order to make them absolutely perfect.

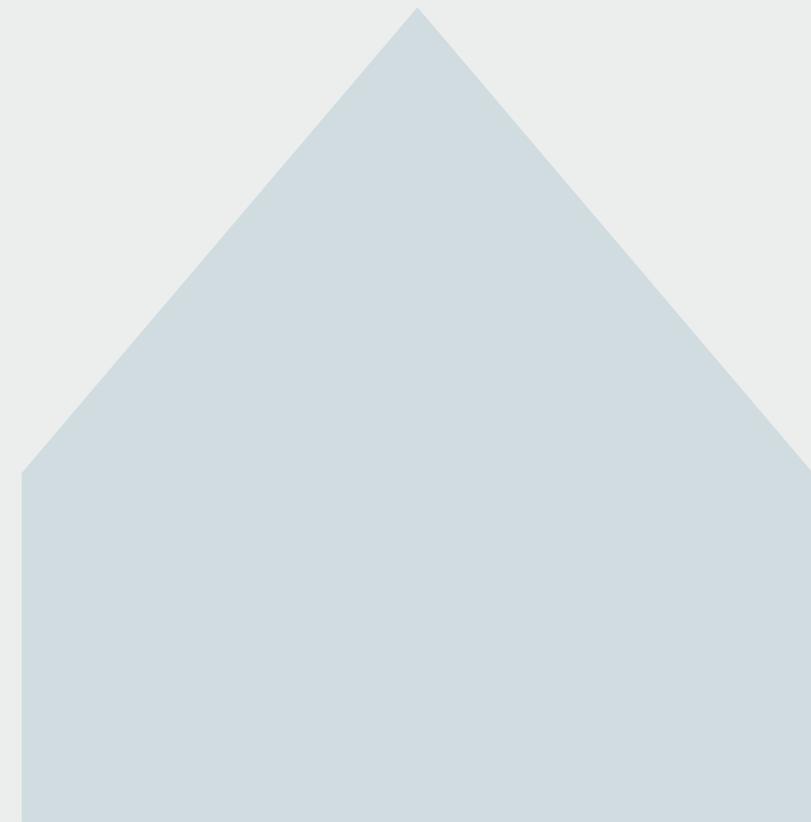

TRÄUME WERDEN WAHR
Exklusive Materialien formen und bearbeiten ist unsere Stärke. Ihre Wünsche und Bedürfnisse stellen wir gerne in den Mittelpunkt, greifen Ihre Ideen auf und machen daraus mit Leidenschaft und Kompetenz edle Objekte von bleibendem Wert.

Percorrere un cammino di bellezza Taking a journey of beauty is our vision.
è la nostra vision. È un augurio per tutti.
Per realizzarlo, la mission ci vede
impegnati a individuare e concretizzare
le potenzialità di DuPont™ Corian®,
stimolati dalle collaborazioni con
i designer, integrando armoniosamente
estetica, funzionalità e aspetti economici.

Ihre Träume zu verwirklichen ist
unsere Vision. Unser Wunsch für alle.
Gemeinsam mit Designern loten wir alle
Möglichkeiten von DuPont™ Corian®
und anderen Materialien aus. Ästhetik,
Funktionalität und Wirtschaftlichkeit
fließen harmonisch ineinander.
It's our wish for everyone. To achieve it,
the mission sees us engaged to identify
and realise the potential of DuPont™
Corian® and other materials, stimulated
by collaborations with designers
and harmoniously integrating aesthetics,
functionality and economic aspects.

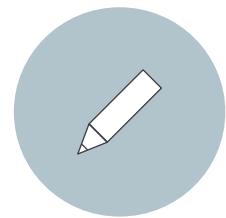

LA MISSION

The mission / Die Mission

I VALORI

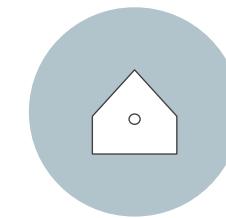

The values / Die Werte

PERSONALIZZAZIONE

CUSTOMIZATION
PERSONALISIERUNG

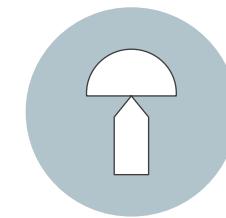

La nostra impronta artigianale fa sì che ogni commessa sia per noi un progetto a sé. Il "su misura" rivela impronta e carattere del committente.

SICUREZZA

SAFETY / SICHERHEIT

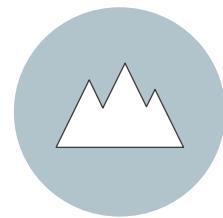

Lavoriamo materiali solidi e igienici. Agiamo con competenza, forza che ci fa fronteggiare ogni ostacolo. Da qui nasce la sicurezza provata dai nostri clienti.

DESIGN-ORIENTED

DESIGN-ORIENTED
DESIGN ORIENTIERT

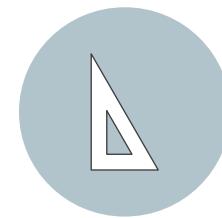

Perché dediti alla ricerca, attenti a creatività e funzionalità. Riteniamo vitali le collaborazioni con i designer, da scoprire innanzitutto come persone.

TRADIZIONE ALPINA

ALPINE TRADITION / ALPINE TRADITION

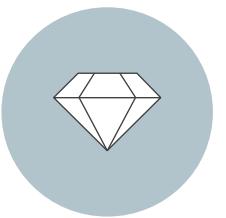

Da sempre abitare in montagna comporta notevole cura per i propri spazi, nidi dove trascorrere molto tempo, da rendere caldi e accoglienti.

TECNICA

TECHNIQUE / TECHNIK

Conoscenze, esperienze, studi, prove, aggiornamenti, scoperte. Metodi e procedimenti sempre nuovi per raggiungere risultati di volta in volta più ambiziosi.

PUREZZA

PURITY / REINHEIT

Per noi è biancore della neve d'inverno, trasparenza e genuinità nei rapporti, eleganza di linee semplici e gradevoli. È Corian®.

Perhaps it's because we were born craftsmen; the fact is, that we view each job as a project in itself. "Made to measure" reveals the fingerprint and character of the customer.

We work solid and hygienic materials. We act with competence, the force that makes us overcome every obstacle. From here comes the security experienced by our customers.

Because dedicated to research, careful to creativity and functionality, we believe our collaborations with designers are essential, whom we value first of all as people.

Living in the mountains has always involved considerable care for our spaces, nests where we spend a lot of time, making them warm and welcome.

Knowledge, experiences, studies, trials, updates, discoveries. Procedures and methods that are always renovated to achieve results that are more and more ambitious.

For us it is the whiteness of snow in winter, transparency and authenticity in relationships, the elegance of simple and pleasant lines. It's Corian®.

Von den handwerklichen Wurzeln haben wir uns zu einem modernen Industriebetrieb entwickelt. Maßarbeit ist unser Standard. Das Ergebnis ist Design nach Maß.

Wir verarbeiten hygienische Mineralwerkstoffe. Mit Kompetenz und Stärke bewältigen wir jede Herausforderung. Dadurch entsteht die Sicherheit, die unsere Kunden begeistert.

Wir betreiben Forschung, entwickeln Kreativität und überprüfen das Ergebnis auf ihre Funktionalität. Die Zusammenarbeit mit Designern setzt täglich neue Impulse.

In den Bergen zu leben, erfordert achtsames Bewahren der Natur und prägt unser Wirken. Natürlich. Pur. Einzigartig.

Wissen, Erfahrung, Studien, Versuche, Weiterbildungen, Entdeckungen. Durch systematische Innovation erreichen wir immer höher gesetzte Ziele.

Das Weiß des Schnees im Winter. Klarer, aufrichtiger Umgang mit den Menschen. Die Eleganz einfacher, gefälliger Linien. Das ist Corian®.

Inventato e prodotto da DuPont™, Corian® è un composito avanzato per superfici da arredamento e architettura. Offre prestazioni superiori e grande versatilità progettuale, utilizzabile per applicazioni in ambienti residenziali e commerciali, dagli hotel agli ospedali, dai negozi agli yacht, dalla ristorazione agli aeroporti.

Invented and manufactured by DuPont™, Corian® is an advanced composite for décor and architectural surfaces offering superior performance and great designer versatility that can be used for applications in residential and commercial environments, from hotels to hospitals, from stores to yachts, from catering to airports.

Corian® — von DuPont™ erfunden und entwickelt. Ein innovativer Werkstoff für Einrichtungen und Architektur. Corian® überzeugt mit hervorragenden Eigenschaften und enormer Gestaltungsvielfalt in privatem Wohnbereich, ebenso wie in öffentlichen Einrichtungen, wie Hotels, Krankenhäuser, Shops, Restaurants Yachten und Flughäfen.

DUNA

design Antonio Bullo

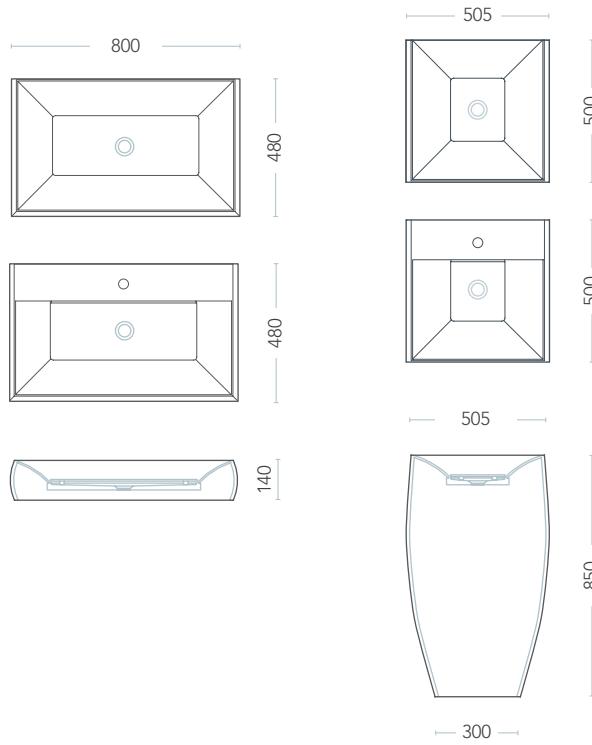

DUNA

design Antonio Bullo

Duna si propone con uno stilema non consueto. Le ampie curve delle sue superfici, di respiro quasi classico, sfiorano il design organico, vivendo però su una struttura elementare sempre chiara, giocata sullo sviluppo regolare delle sue rotondità in Corian®.

Duna has an unusual style. The ample curves of its surfaces, with an almost classic vibe, nearly resemble organic design, while resting on an always clear basic structure, which plays on the neat development of its roundness in Corian®.

IMPRO
design Antonio Bullo

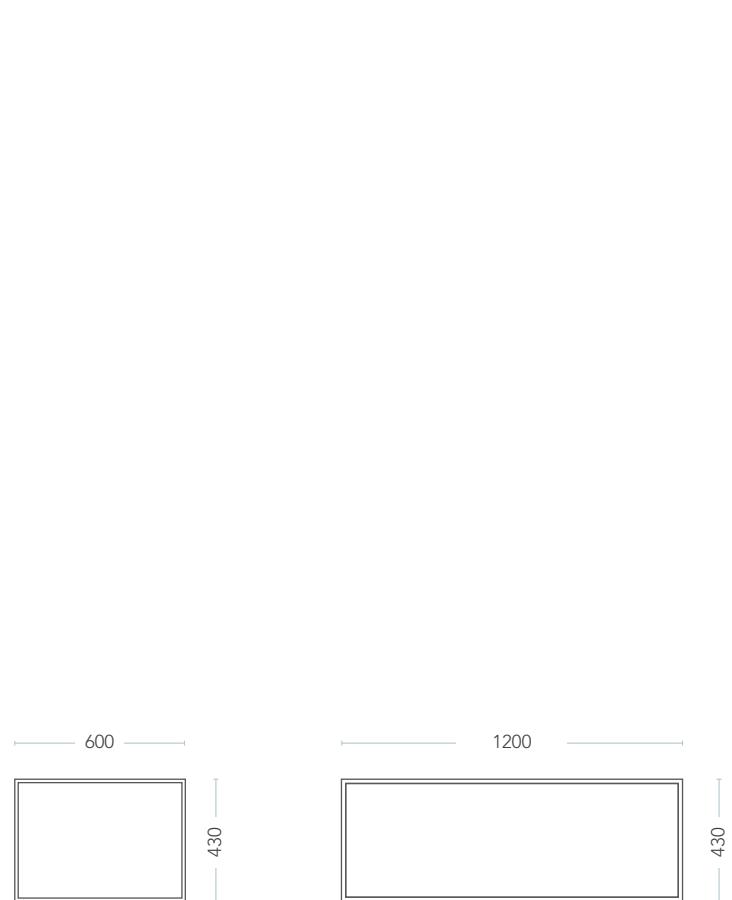

IMPRO

design Antonio Bullo

Impro nasce da un rigido concetto formale che unisce essenzialità strutturale e funzionalità, e si apre a un'esperienza estetica e tattile, calda e avvolgente grazie alla plasticità e alla morbidezza al tocco di Corian®, sensazione potenziata nella versione con inserti in legno.

Impro stems from a rigid formal concept that combines structural simplicity and functionality, and opens to an aesthetic and tactile experience, warm and enveloping touch thanks the plasticity and softness to the touch of Corian®, a sensation enhanced in the version with wooden inserts.

IMPRO

design Antonio Bullo

I pensili Impro mantengono lo spirito d'essenzialità dell'intera collezione, ravvivate dall'alternanza dei materiali utilizzati che abbinano il tocco vellutato di Corian® a quello materico del legno, quando non scelgono il rigore estremo del total white.

The Impro cabinets are true to the essentialist spirit of the entire collection, revived by an alternation of materials that combine the plush touch of Corian® with that of the wood, when they don't opt for the extreme rigour of total white.

Impro-Möbel bewahren die eindrucksstarke Schlichtheit der gesamten Kollektion. Unterschiedliche Materialien genial kombiniert. Sanftes Corian trifft auf griffiges Holz. Oder sie entscheiden sich für absolute Reinheit in totalem Weiss.

BLOCK
design Simone Micheli

BLOCK

design Simone Micheli

Block nasce in Corian® dalla volontà di esprimere con semplicità e rigore un concetto di ambiente bagno dove le forme sono immaginate come eteree presenze, capaci di vibrare magicamente sotto l'effetto della luce naturale o artificiale.

Block was born in Corian® by the will to express a concept of the bathroom environment with simplicity and aplomb, where shapes are conceived as ethereal presences, capable of magically vibrating under the influence of natural or artificial light.

BLOCK

design Simone Micheli

I sanitari che completano la collezione Block mantengono la semplicità e il rigore delle forme e la morbidezza al tatto di Corian® per risplendere, quasi astratti e immateriali, alla luce artificiale o a quella brillante del sole.

The bathroom fixtures that complete the Block collection keep the simplicity and rigour of the shapes and softness to touch of Corian® to shine, almost abstract and intangible, in the artificial light or under the radiant sunlight.

Die Sanitäranlagen, mit denen die Kollektion Block ergänzt wird, bewahren schlicht den klaren Stil von Block und die seidene Haptik von Corian®. Ob mit Kunst- oder Sonnenlicht: Block ist optischer Hochgenuss.

CONCAVE

design Planit

Una silhouette così perfetta e sottile da sembrare eterea. Concave è una linea concava continua, un lavabo termoformato in Corian® di 12 mm di spessore appoggiato sul piano grazie a un anello di sostegno, che ne fissa la stabilità e facilita la pulizia.

A silhouette so perfect and thin to look ethereal. Concave is a continuous concave line, a thermoformed washbasin in Corian® 12 mm thick resting on a surface, thanks to a retaining ring that defines its stability and makes it easier to clean.

TRIADE

design Marco Devigili

Un allegro terzetto per Triade: quadrato, cerchio e ovale danno forma a lavabi in Corian® con anello d'appoggio. Con leggerezza, rompono gli schemi: a un bordo sottile contrappongono un'altezza spiccata della vasca e scelgono un piano basso per accomodarsi.

A merry threesome for Triade: square, circle and oval give shape to the washbasins in Corian® with support ring. They delicately break loose of a set pattern: a thin edge is juxtaposed to the jutting height of the bathtub and opt for a low surface to climb in.

Ein lustiges Trio für Triade: quadratisch, rund und oval sind die Becken aus Corian® mit Auflagerung. Sie überraschen mit Leichtigkeit und brechen mit gewohnten Formen. Mit schmalem Rand und ausgeprägter Höhe posieren sie auf dünner Ablage und ergeben so einen lustigen Formenmix.

WING

design Carmen Bonora

Wing accoglie l'acqua come una foglia è percorsa dalla rugiada. In Corian®, delicatamente posato su un piano, gode delle sue forme organiche grazie alle quali si integra in infinite combinazioni d'arredo.

Wing welcomes water as a leaf is covered by dew. In Corian®, gently laid on a surface, it enjoys its organic shapes, thanks to which it blends into infinite furnishing combinations.

Wing fängt das Wasser wie ein Blatt den Tau. Sanft auf einer Ablage, überzeugt Wing in Corian® mit seiner natürlichen Form, fügt sich stimmig in jedes Ambiente.

DEDALO

design Planit

Praticità innanzitutto. È per questo che Dedalo si concentra sulla forma del lavabo accompagnata da spazio per posare quanto serve avere a portata di mano. Prodotto in Hanex® Neo White con spessore 12 mm, sceglie la soluzione integrata in termoformatura o da appoggio completa d'anello di sostegno.

Practicality first. That's why Dedalo focuses on the shape of the washbasin next to the space to lay down whatever you need and have it in hand's reach. Manufactured in Hanex® Neo White 12 mm thick, it goes for the integrated thermoformed solution or support.

Funktionalität als oberstes Gebot. Darauf legt Dedalo besonderen Wert. Das Becken lässt Raum für großzügige Ablagen. Aus Hanex® Neo White 12 mm, mittels Thermoforming im Waschtisch integrierte Version auf Möbel oder wandhängend verfügbar.

TEATRO

design Luca Scacchetti

Segnato da una serie di piani inclinati e di linee diagonali, Teatro si costruisce come un quadro prospettico dissimmetrico e convergente verso il centro. Decisamente un carattere forte in Corian®, completato dall'ampio cassetto contenitore integrato soft-close.

Featuring a series of distinctive tilted surfaces and slanted lines, Teatro builds like a perspective dysymmetrical painting that converges toward the center. Definitely a strong character in Corian®, supplemented by the spacious built-in storage drawer soft-close.

Lavabo sospeso singolo, doppio o a vasca continua. Sempre rigorosità.

Wall-hung single or double washbasin
or with continuous bathtub.

Wandwaschbecken, einzeln oder

SPLIT

design Emo Design

Coniuga design e funzionalità.
 È Split, il top da appoggio con lavabo integrato termoformato in Hanex®.
 Pratico e compatto, sorprende con la sua linguetta rossa in cordura che permette di estrarre un cassetto scorrevole. Posto su un mobile di almeno 150 cm, rinnova ogni bagno.

It combines design and functionality.
 It's Split, the support top with thermoformed, built-in washbasin in Hanex® Neo White. Practical and compact, surprising with its red flap in Cordura that allows you to comfortably pull out the sliding drawer. Placed on a piece of furniture at least 150 cm wide, it renews every bathroom.

Design und Funktion vereint.
 Split – der Aufsatzwaschtisch mit integriertem Becken aus thermogeformtem Hanex® Neo White ist praktisch und kompakt. Die rote Lasche in Cordura zum Auszug der Schublade ist ein sympathisches Detail mit optischer Wirkung. Als Aufsatz eines Möbels von mindestens 150 cm gibt Split dem Bad einen neuen Anstrich.

ZONE

design Arter & Citton

Zone è elegante essenzialità in Hanex®.
La sua linearità può essere declinata su soluzioni a colonna o in appoggio su mobili, con piano lato lavabo quasi contenitore grazie alla termoformatura a caldo. Gioca su larghezza e profondità del top e sulla modularità, sempre fedele al principio di una distinta semplicità.

Zone is refined simplicity in Hanex®.
Its linearity can be varied in solutions with column or resting on furniture items, with surface on the washbasin side that is almost like a storage compartment, thanks to the hot thermoforming. It plays on the width and depth of the top and on modularity, always true to the principle of a distinguished simplicity.

Zone ist elegante Wesentlichkeit aus Hanex®. Die lineare Form kann als Säulenwaschtisch oder Möbelaufsatz umgesetzt werden. Dank Thermoforming mit seitlicher Ablage erhältlich. Schlichte Eleganz modular an jeden Raum anpassbar.

Dal massimo rigore alla sinuosità più dolce.
I modelli di vasche da bagno Planit incontrano
sensibilità molto diverse grazie a un design
che parla linguaggi differenti accomunati
dal piacere per linee pulite e lucenti.

From the most stringent rigour
to the sweetest sinuousness. The models
of bathtubs by Planit satisfy very different
tastes, thanks to a design that speaks
different languages that share the
pleasure for clean and bright lines.

Von linear bis sanft geschwungen.
Dank zahlreicher einfühlsamer
Designideen überzeugen die
Badewannen von Planit mit Klarheit
und ästhetischer Leuchtkraft.

AQUARIUS

design Planit

Aquarius è del tutto personalizzabile.
In Corian®, ha un'impronta lineare
eppure gentile negli angoli interni
arrotondati, facili da pulire, nello
schienale inclinato per accompagnare
il corpo in un abbandono rilassato e nei
vani portaoggetti per avere
a disposizione tutto ciò che serve per
un bagno sereno.

Aquarius is totally customizable.
In Corian®, it has a linear, yet
gentle imprint in the inner rounded
corners, easy to clean, in the tilted
back to envelope the body
as it soothingly relaxes and in the
item holders, to have everything
you need for a peaceful bath.

Aquarius—gänzlich aus Corian® gefertigt
– ist komplett individualisierbar. Die
Wanne begeistert mit abgerundeten
Innenkanten zur leichten Reinigung,
der geneigten Rückwand für bequemes
Anlehnen und integrierten Ablagen in
den Seitenwänden.

AMACA

design Itamar Harari

Amaca si staglia tra le onde che sa creare. In Corian®, è ispirata alle forme del corpo per accoglierlo in maniera speciale e invitare a bagni caldi e sensuali, immersi in meditazioni al di fuori del tempo.

Amaca stands out among the waves it creates. In Corian®, it is inspired to the shapes of the body to accommodate it in a special way and invite it to hot and sensual baths, immersed in meditations outside of time.

Amaca, ein Wellengang der weichen Formen aus Corian®, die Neues schöpfen. Vom Körper inspiriert, einladend, warm und sinnlich. Eintauchen in zeitlose Meditation.

AMACA

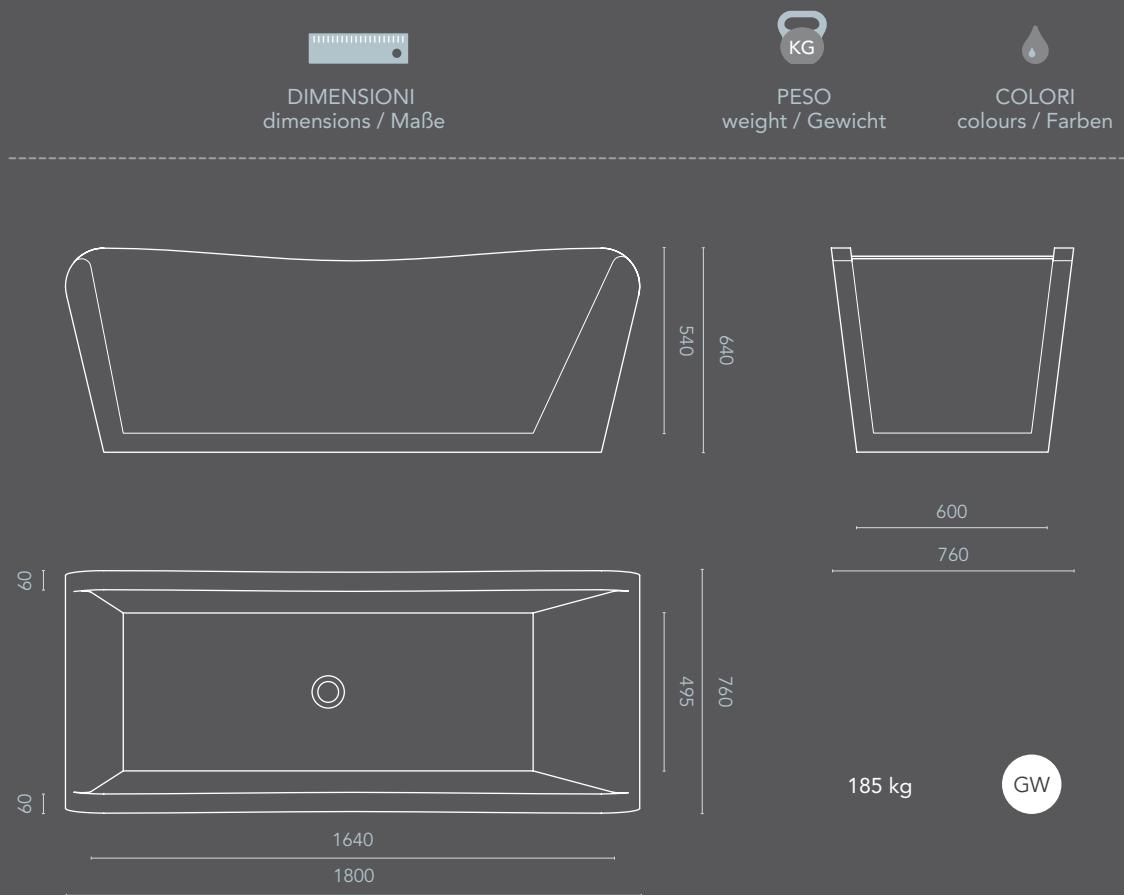

design Itamar Harari

Vasca da bagno modello Amaca in Corian®, spigoli interni arrotondati, compreso sistema di scarico vasca con meccanismo "up&down" e rivestimento liscio su tutti i lati (freestanding).

CLIFF

design Itamar Harari

Tre gradi separano esterno e interno sul loro asse perpendicolare. Un gioco che movimenta le linee apparentemente rigide di Cliff volgendo la sua seduta leggermente verso l'esterno. Realizzata in Corian®, è un simpatico invito a gustarsi l'ambiente bagno nella sua completezza.

Three degrees separate the outside and inside on their perpendicular axis. A game that moves the apparently stiff lines of Cliff, protruding the seating slightly toward the outside. Manufactured in Corian®, it is a cute invitation to enjoy the bathroom environment in its fullness.

CLIFF

design Itamar Harari

Vasca da bagno modello Cliff in Corian®, spigoli interni arrotondati, compresa colonna di scarico vasca.

DOGA
design Planit

Doga è ormai un classico contemporaneo. È un piatto doccia in Corian® con doghe in Corian® oppure in teak. In entrambi i casi accarezza i piedi con delicatezza, una sensazione calda e avvolgente che invita a un istantaneo benessere.

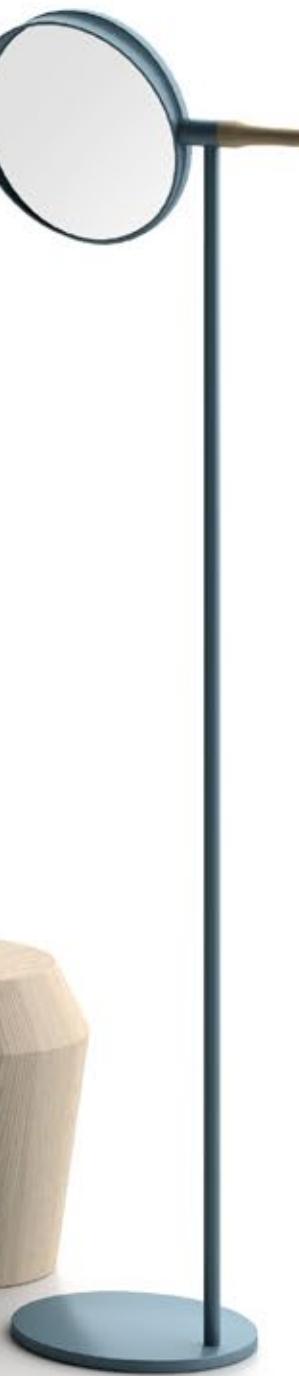

Doga has become a contemporary classic. It's a shower tray Corian® with slats in Corian® or in teak.

In both cases, it caresses your feet gently, a warm and enveloping sensation that nudges you to instant wellbeing.

Doga ist ein Klassiker der Moderne. Duschwanne aus Corian® mit Leisten entweder aus Corian® oder Teak.

Beide Trittfächen sind angenehmer Haptik, weich und warm.

Tutte le doghe sono asportabili
con la ventosa per una facile pulizia
per accedere alla piletta di scarico.

All the slats are removable
with a suction cup for easy cleaning
and to access the wastepipe.

Alle Leisten sind mittels Saugnapf zur
bequemen Reinigung abnehmbar. So ist
der Zugriff zur Ablaufgarnitur jederzeit
möglich.

DEDALO

design Planit

Praticità innanzitutto. È per questo che Dedalo si concentra sulla forma del lavabo accompagnata da spazio per posare quanto serve avere a portata di mano. Prodotto in Hanex® Neo White con spessore 12 mm sceglie la soluzione integrata in termoformatura su mobile o sospeso.

Practicality first. That's why Dedalo focuses on the shape of the washbasin next to the space to lay down whatever you need and have it in hand's reach. Manufactured in Hanex® Neo White 12 mm thick, it goes for the integrated thermoformed solution or support.

Funktionalität als oberstes Gebot. Darauf legt Dedalo besonderen Wert. Das Becken lässt Raum für großzügige Ablagen. Aus Hanex® Neo White 12 mm, mittels Thermoforming im Waschtisch integrierte Version auf Möbel oder wandhängend verfügbar.

Die Fronten sind aus Corian® mit seitlichen und oberen Kanten in 45° abgeschrägt um einen bequemen Zugriff zu ermöglichen.

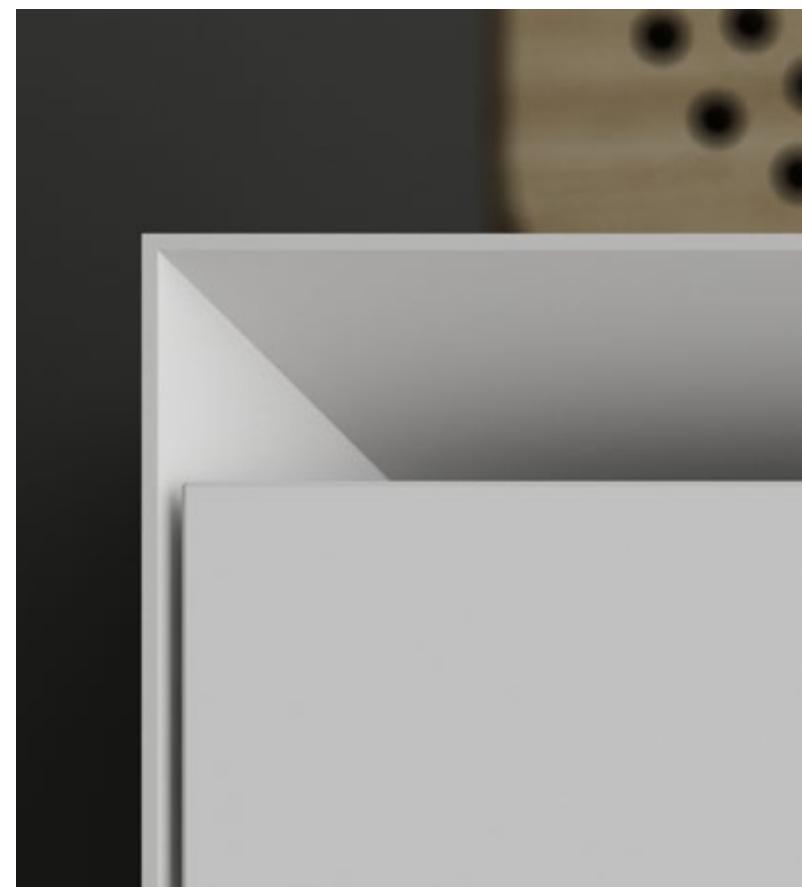

INFINITY 1

design Planit

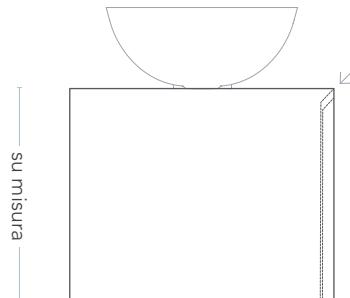

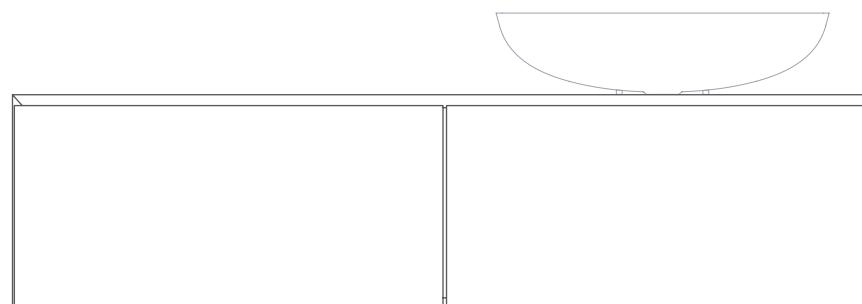

Non seguendo una modulistica standard, la dimensione delle basi e dei frontali sono a discrezione del progettista.

The manufacturing process of our products is not standardized, therefore the size of basis and front panels may vary depending on designer's choice.

Zumal keine Standardmaße vorgegeben werden, definiert der Projektant die Maße von Korpus und Fronten.

GW

GLACIER WHITE / CORIAN®

NW

NEO WHITE / HANEX®

THE COLOURS / DIE FARBEN

I prodotti del catalogo Planit dedicati al bagno sono generalmente realizzati in Corian® bianco Glacier White GW e Hanex® Neo White NW, ma a richiesta, e nei limiti della fattibilità, anche nei colori proposti da Dupont™ Corian®. Nel sito internet di Planit sono visibili tutti i colori disponibili di Dupont™ Corian®.

Il nostro ufficio commerciale si occuperà di formulare il preventivo e se necessario di inviare un campione del colore scelto. Per motivi tecnici alcuni modelli termoformati presenti nel nostro catalogo, possono essere realizzati solo esclusivamente in bianco GW o NW.

È possibile che si verifichino leggere differenze tra le tonalità stampate su "Colour Palette Dupont™" e i campioni.

The products in the Planit catalogue of bathroom furniture elements are generally made in white Corian®, Glacier White GW and Hanex® Neo White NW. On request and if feasible they can be made in the colors of Dupont™ Corian®. On the Planit internet site you can see all available colors of Dupont™ Corian®. Our sales office will take care in preparing an offer for you and, if necessary, they will send you a sample of the chosen color. Due to technical reasons some thermo-shaped models in the catalogue can exclusively be made in GW white or NW white.

Die Objekte des Planit-Kataloges für den Badbereich werden grundsätzlich in Corian® Glacier White GW und Hanex® Neo White NW gefertigt. Auf Anfrage können Objekte - sofern technisch machbar – auch in den weiteren Farben von Dupont™ Corian® hergestellt werden. Auf den Internetseiten von Planit ist die gesamte Farbpalette von Dupont™ Corian® ersichtlich. Unser Vertriebsbüro erstellt das gewünschte Angebot und versendet bei Bedarf auch Muster der gewählten Farbe. Aus technischen Gründen können einzelne thermogeförmte Modelle aus unserem Katalog ausschließlich in Corian® Glacier White GW und Hanex® Neo White NW gefertigt werden.

Die Druckwiedergabe der Farben "Colour Palette Dupont™" kann unter Umständen leicht von der Originalfarbe des Musters abweichen.
